Printing date 12.12.2014

Revision: 12.12.2014

Information concerning particular hazards for human and environment:

The product has to be labelled due to the calculation procedure of the "General Classification guideline for preparations of the EU" in the latest valid version.

(Contd. on page 2)

Printing date 12.12.2014

Trade name: Spray Buff v.1

(Contd. of page 1)

Revision: 12.12.2014

· Classification system:

The classification is according to the latest editions of the EU-lists, and extended by company and literature data.

The classification is in accordance with the latest editions of international substances lists, and is supplemented by information from technical literature and by information provided by the company.

· 2.2 Label elements

· Labelling according to Regulation (EC) No 1272/2008

The product is additionally classified and labelled according to the Globally Harmonized System within the United States (GHS).

The product is classified and labelled according to the CLP regulation.

Hazard pictograms

GHS08

· Signal word Danger

· Hazard-determining components of labelling:

2-(2-methoxyethoxy)ethanol

dibutyl phthalate

· Hazard statements

The following Hazard Statements are applicable only according to OSHA regulations within the United States. These Statements are not applicable for the CLP regulation (1272/2008/EC) in the EU: H360. The following Hazard Statements are applicable only to the EU regulations and not the US GHS regulation: H360Df.

H360: May damage fertility or the unborn child.

H360Df May damage the unborn child. Suspected of damaging fertility.

Precautionary statements

P261 Avoid breathing mist/vapours/spray.

- P281 Use personal protective equipment as required.
- P202 Do not handle until all safety precautions have been read and understood.
- P308+P313 IF exposed or concerned: Get medical advice/attention.

P302+P352 IF ON SKIN: Wash with plenty of water.

P501 Dispose of contents/container in accordance with local/regional/national/international regulations.

· Additional information:

Restricted to professional users.

· Hazard description:

WHMIS-symbols:

D2A - Very toxic material causing other toxic effects

(Contd. on page 3)

84-74-2 dibutyl phthalate

· Additional information:

For the listed ingredients, the identity and exact percentages are being withheld as a trade secret. For the wording of the listed risk phrases refer to section 16.

SECTION 4: First aid measures

· 4.1 Description of first aid measures

 \cdot General information: Take affected persons out into the fresh air.

· After inhalation: Supply fresh air; consult doctor in case of complaints.

(Contd. on page 4)

Printing date 12.12.2014

Trade name: Spray Buff v.1

Revision: 12.12.2014

(Contd. of page 3) · After skin contact: Immediately wash with water and soap and rinse thoroughly. If skin irritation continues, consult a doctor. After eye contact: Remove contact lenses if worn. Rinse opened eye for several minutes under running water. If symptoms persist, consult a doctor. • After swallowing: Rinse out mouth and then drink plenty of water. Do not induce vomiting; call for medical help immediately. · 4.2 Most important symptoms and effects, both acute and delayed Slight irritant effect on skin and mucous membranes. Slight irritant effect on eves. Gastric or intestinal disorders when ingested. Coughing Nausea Allergic reactions · Hazards Danger of disturbed cardiac rhythm. • 4.3 Indication of any immediate medical attention and special treatment needed Contains 5-chloro-2-methyl-2H-isothiazol-3-one, 2-methyl-2H-isothiazol-3-one. May produce an allergic reaction. Contains dibutyl phthalate.

SECTION 5: Firefighting measures

· 5.1 Extinguishing media

• Suitable extinguishing agents: Use fire extinguishing methods suitable to surrounding conditions.

• For safety reasons unsuitable extinguishing agents: None.

· 5.2 Special hazards arising from the substance or mixture

Formation of toxic gases is possible during heating or in case of fire.

- · 5.3 Advice for firefighters
- · Protective equipment:

Wear self-contained respiratory protective device.

Wear fully protective suit.

• Additional information No further relevant information available.

SECTION 6: Accidental release measures

· 6.1 Personal precautions, protective equipment and emergency procedures

Particular danger of slipping on leaked/spilled product.

Wear protective equipment. Keep unprotected persons away.

For large spills, use respiratory protective device against the effects of fumes/dust/aerosol. Ensure adequate ventilation

· 6.2 Environmental precautions: Do not allow to enter sewers/ surface or ground water.

6.3 Methods and material for containment and cleaning up:

Absorb with liquid-binding material (sand, diatomite, acid binders, universal binders, sawdust). Pick up mechanically.

Printing date 12.12.2014

Revision: 12.12.2014

(Contd. of page 4)

Trade name: Spray Buff v.1

Send for recovery or disposal in suitable receptacles. Dispose contaminated material as waste according to item 13. **6.4 Reference to other sections** See Section 7 for information on safe handling. See Section 8 for information on personal protection equipment. See Section 13 for disposal information.

SECTION 7: Handling and storage

· 7.1 Precautions for safe handling

Prevent formation of aerosols.

Avoid splashes or spray in enclosed areas.

Use only in well ventilated areas.

Information about fire - and explosion protection: No special measures required.

• 7.2 Conditions for safe storage, including any incompatibilities

· Storage:

• Requirements to be met by storerooms and receptacles:

Avoid storage near extreme heat, ignition sources or open flame.

• **Information about storage in one common storage facility:** Store away from foodstuffs.

Do not store together with oxidising and acidic materials.

• Further information about storage conditions:

Store in cool, dry conditions in well sealed receptacles.

Protect from frost.

• 7.3 Specific end use(s) No further relevant information available.

SECTION 8: Exposure controls/personal protection

• Additional information about design of technical facilities: No further data; see item 7.

 Relative density Vapour density Evaporation rate 	Not determined. Not determined. Not determined.	(Contd. of page 7)
 Solubility in / Miscibility with water: 	Fully miscible.	
· Partition coefficient (n-octanol/wat	er): Not determined.	
 Viscosity: Dynamic: Kinematic: 9.2 Other information 	Not determined. Not determined. No further relevant information available.	

SECTION 10: Stability and reactivity

· 10.1 Reactivity

- · 10.2 Chemical stability
- Thermal decomposition / conditions to be avoided:

No decomposition if used and stored according to specifications.

10.3 Possibility of hazardous reactions

Toxic fumes may be released if heated above the decomposition point.

Reacts with strong acids and oxidising agents.

- **10.4 Conditions to avoid** Store away from oxidising agents.
- **10.5 Incompatible materials:** No further relevant information available.
- 10.6 Hazardous decomposition products:

Carbon monoxide and carbon dioxide Nitrogen oxides

SECTION 11: Toxicological information

· 11.1 Information on toxicological effects

- Acute toxicity:
- Primary irritant effect:
- on the skin: Slight irritant effect on skin and mucous membranes.
- on the eye: Slight irritant effect on eyes.
- Sensitisation: Sensitising effect by skin contact is possible by prolonged exposure.
- Additional toxicological information:

The product shows the following dangers according to the calculation method of the General EU Classification Guidelines for Preparations as issued in the latest version: Irritant

Danger through skin adsorption.

Toxic and/or corrosive effects may be delayed up to 24 hours.

May damage fertility or the unborn child.

• Acute effects (acute toxicity, irritation and corrosivity): The product can cause inheritable damage.

· Repeated dose toxicity:

May cause damage to organs through prolonged or repeated exposure.

(Contd. on page 9)

Printing date 12.12.2014

Revision: 12.12.2014

(Contd. of page 8)

Trade name: Spray Buff v.1

Repeated exposures may result in skin and/or respiratory sensitivity. CMR effects (carcinogenity, mutagenicity and toxicity for reproduction): Repr. 1B

SECTION 12: Ecological information

· 12.1 Toxicity

- · Aquatic toxicity: The product contains materials that are harmful to the environment.
- **12.2 Persistence and degradability** No further relevant information available.
- **12.3 Bioaccumulative potential** No further relevant information available.
- 12.4 Mobility in soil No further relevant information available.
- Additional ecological information:
- · General notes:

Do not allow undiluted product or large quantities of it to reach ground water, water course or sewage system.

- 12.5 Results of PBT and vPvB assessment
- · PBT: Not applicable.
- **vPvB:** Not applicable.

12.6 Other adverse effects No further relevant information available.

SECTION 13: Disposal considerations

· 13.1 Waste treatment methods

· Recommendation

Small amounts may be diluted with plenty of water and washed away. Dispose of bigger amounts in accordance with Local Authority requirements.

Can be burned with household garbage after consulting with the waste disposal facility operator and the pertinent authorities and adhering to the necessary technical regulations.

The user of this material has the responsibility to dispose of unused material, residues and containers in compliance with all relevant local, state and federal laws and regulations regarding treatment, storage and disposal for hazardous and nonhazardous wastes. Residual materials should be treated as hazardous.

· Uncleaned packaging:

• **Recommendation:** Disposal must be made according to official regulations.

SECTION 14: Transport information

· 14.1 UN-Number

DOT, ADR, ADN, IMDG, IATA
 14.2 UN proper shipping name
 DOT, ADR, ADN, IMDG, IATA
